

RACKETEERING

The way to restore democracy in Australia is to restore the civil and political right contained in Article 9 of the International Covenant on Civil and Political Rights given sharp teeth by S 268:12 Criminal Code Act 1995 (CTH) and restore the absolute right for every member of the Australian general public to, without restrictions by any organised crime gang of white collar criminals in the Federal Court of Australia, protect the racketeers presently governing in every artificial political entity in every State of the Commonwealth including the Commonwealth itself.

In the Commonwealth of Australia today almost everything is a "RACKET". The Covid19 vaccination scheme is a racket. It is a racket because the vaccine not only does not protect the vaccinated, it requires more and more shots to make people feel safe. It kills and maims some. In a situation where huge amounts of public money is being expended, there is a racket that protects the racketeers. The Protection Racket is run by the lawyers who control both the Federal Court of Australia, High Court of Parliament and State Supreme Courts and that racket is why so many people are looking to yourself and others like you to lead us out of the quagmire we find ourselves in.

Further there are at least 45 racketeer lawyers in the House of Representatives in the present Parliament. They are racketeers because not only the lawyers but many others have seriously enriched themselves from the public purse and from the privatisation of public institutions like the Police, Telstra and the Commonwealth Bank of Australia, water, and other scams they have been able to think up not the least of which is Covid19. How many public dollars have found their way into the bank accounts of State and Commonwealth politicians and senior Police Officers from Covid19 ?

Every State Government has become a racket. A racket with a private Army of Police who owe their first allegiance to their Political Masters and not the Crown. If you make anti racketeering your first line policy, you will be able to promise that if your endorsed candidates are elected in sufficient numbers you will end the Liberal-Australian Labor Party, Palmer United Australia Party, One Nation Pauline Enrichment Party, Green racket not only in the Commonwealth but every State as well. Every State Government is a racket because while they are nominally under the Commonwealth of Australia

Constitution Act 1900 they act as Sovereign Governments without check or balance.

The era of the State run racket is ending in the United States of America under to auspices of Gesara-Nesara and the RICO Act of 1970. RICO means (From Encyclopaedia Britannica)

Racketeer Influenced and Corrupt Organizations Act (RICO), U.S.

federal [statute](#) targeting [organized crime](#) and [white-collar crime](#). Since being enacted in 1970, it has been used extensively and successfully to prosecute thousands of individuals and organizations in the [United States](#).

Part of the Organized Crime Control Act of 1970, the Racketeer Influenced and Corrupt Organizations Act (RICO) makes it unlawful to acquire, operate, or receive income from an enterprise through a pattern of racketeering activity. Geared toward ongoing organized criminal activities, the underlying tenet of RICO is to prove and prohibit a pattern of crimes conducted through an “enterprise,” which the statute defines as “any individual, partnership, corporation, association, or other legal entity, and any union or group of individuals associated in fact although not a legal entity.”

The entire Government of Australia is a racket, both State and Federal based upon a presumption, promoted by the Legal Profession, of a Doctrine of Parliamentary Supremacy over even the Commonwealth of Australia Constitution Act 1900 and Constitution. The Rot goes even deeper than that back to 1870 when lawyers were admitted to the House of Commons and immediately engineered a takeover of the then broke United States of America Republic by an Act of the Parliament of the United Kingdom entitled The Act of 1870. In return for loans the United States of America agreed to pay taxes and excises to the City of London and form a Corporate Government to collect them.

In 1873 the same Parliament of the United Kingdom enacted the Judicature Act 1873, and abolished the Constitution of the United Kingdom as then in force, with the separation of Church and State with two separate streams of justice, to ensure racketeering was unable to occur, with a merger of the two Streams of Justice into the Courts of Judicature: the Chancery and Common Law Courts. Prior to 1873 if the church was convinced that a law was against the New Testament of the King James Version of the Holy Bible it could advise the King or Queen to disallow it through the Chancery of the Archbishop Of Canterbury, effectively preventing racketeering by any entity whatsoever, as in the RICO Act of 1970 (United States of America).

There are huge numbers of rackets in Australia, Driving licences are a racket, Car Registration is a racket, Water licences are a racket, Freehold Land Titles are a racket, Local Government is a racket, Fractional Reserve Banking is a racket, Strict Liability Offences are a racket, involuntary bankruptcy is a racket, The Roman Catholic Church is a racket because it seeks and demands allegiance to a foreign power and has been taking huge sums of money to Rome for many years, Judges and Magistrates are a racket, when they sit without a jury to find facts, and this is because the actual words of the Commonwealth of Australia Constitution Act 1900, while claiming a Judicature, coupled with the Statute 1 Will & Mary C 6 (Coronation Oath) (1688) which should be published and declared the Law of the Commonwealth by these words preserves the two streams of justice stopping the rackets. Here are the words that guarantee that whoever sits as Sovereign, must have the separation of powers of Church and State, with each responsible for the delivery of justice.

The Statute is 1 Will & Mary C 6 (Coronation Oath) (1688) and may be found in Halsburys Statutes of England Vol 4 Constitutional law. Section 3. "Will you to the utmost of your power maintaine the laws of God the true profession of the Gospell and the Protestant reformed religion established by law? and will you preserve to the bishops and clergy of this realme and to the churches committed to their charge all such rights and privileges as by law doe or shall appertaine unto them or any of them.

King and Queen

All this I promise to doe.

After Her husband died in 1860 Queen Victoria went on extended leave. Not one Sovereign since including the present Her Majesty Elizabeth the Second has upheld the Statute 1 Will & Mary C 6 (Coronation Oath) (1688) and the words of that Act that govern Allegiance and the Racketeers in every Parliament have chosen to ignore it. . IT IS TIME we as the people of Australia elected a King and or Queen who MUST take and uphold the Statute 1 Will & Mary C 6 (Coronation Oath) (1688) and deliver law and justice in mercy to the people of Australia under Almighty God. If the Sovereign cannot and will not keep and uphold the Constitution, then the Sovereign MUST be removed and replaced. If any of the Sovereign Delegates do not obey and uphold the Constitution they are liable to be replaced, stripped of all honors, pensions, and replaced by people who will maintain the laws of God, the true profession

of the Gospel, and not grant indulgences and forgiveness of horrific sins to those who can afford to pay.

S 44 (i) Constitution prohibits allegiance to a Foreign Power, and each and every practicing member of the Roman Catholic Church owes allegiance to the Pope in Rome, and as such cannot be elected to the Parliament of the Commonwealth despite S 116 Constitution. Allegations against Freemasons include the allegation that they are Satanic and owe allegiance to the Devil. Serious allegations like this need to be tried by a jury, but the legal racket has been prohibiting jury trials since 1948. Any allegiance except that to the Sovereign is a disqualifying condition for election to the Parliament of the Commonwealth and as such, the Statute 1 Will & Mary C 6 (Coronation Oath) (1688) must be proclaimed and enforced. The same must apply to every State Parliament. If the Freemasons Oath is not compatible with the Statute 1 Will & Mary C 6 (Coronation Oath) (1688) they are disqualified.

To end racketeering forever, the Schedule Oath in the Constitution, must be supplemented by the Statute 1 Will & Mary C 6 (Coronation Oath) (1688) The Sovereign must take, and failure to abide the provisions of both lead to immediate dismissal from every Public Office whatsoever; No exceptions even for the Royal Family , Governors and the Governor General and all Ministers of the Crown.
